

Irwin Memorial Public School

School Innovation Plan for Student Achievement 2017-2018

OUR

MISSION

At Irwin we aspire to learn and be well so we have full opportunity for every tomorrow.

WE

BELIEVE

each of us is

**competent
curious
innovative**

we have the right to a

**safe
caring
inclusive
environment**

we all benefit from

**partnerships
collaboration**

OUR

GOALS

Support our students to understand themselves as learners, provide responsive strategies to support their learning, build them toward independence and to self-advocate.

To develop independent problem-solvers who are able to think about and apply concepts in numeracy with reasonability.

◀ **K-3**

Key Concepts in Early Learning, specifically in numeracy

Grade 4-8 ▶

Fractions, Decimals and Percents

Achieved by:

- knowing our learners
- being responsive to our learners
- knowing and implementing the four pedagogical systems in instructional environments (classroom discourse, tools and representations, instructional tasks, non-threatening learning environment)

Measured by Educators:

- monitoring student learning through observation, conversation, process, product
- moderation of common assessments

Measured by Students:

- goal-setting and monitoring
- increasing knowledge of themselves as learners over time
- self-reflection
